POLITICAL NEWS AND NOTES

At the earnest solicitation of his friends, Jack Dowsett has signified his intention to become a candidate for a senatorship and will begin his campaign at once. Mr. Dowsett served one term in the Senate, displaying remarkable ability and serving his constituents to their utmost satisfaction. In view of his record, it is not believed that he will meet with any opposition from any faction in the party.

At a secret meeting of the Kulo committee held last night, the intention of Kulo to take part in county politics was announced through a call to delegates to meet with him and join in a campaign for control to be fought on the race issue. The committee, Kulo assistant, endorsed Bartlett, Quinn, Enos and John Waterhouse for supervisors. It is pointed out that the sincerity of the endorsement is likely to be questioned, in view of the fact that John Waterhouse is not a candidate for Supervisor and will not be in the islands during the campaign, a fact well known to the Kulo managers.

H. L. Holstein will probably be the chairman of the Republican Territorial convention. He is understood to have the backing of the Kulo leaders. In addition it is felt that he is entitled to the recognition of his party, and that as one of the best parliamentarians in the territory he will make an excellent presiding officer.

Oscar P. Cox, Deputy sheriff of Waialua, has been practically selected by the precinct leaders of the fifth district as chairman of the Republican county convention, which meets on Thursday, the 19th. Cox is a strong Kuloite, and his experience as a po-

litician will doubtless win for him the entire confidence and support of the delegates to the convention.

During the past few weeks, several questions have been raised and discussed in different precincts of the fifth district. The matter of selecting a good and strong man for the chairmanship of the convention was also discussed. And according to the expressions made by the precinct leaders of the fifth, it is almost certain that Cox will receive the unanimous support of the delegates from the fifth district.

The fourth district delegates, according to the leaders of the Tati league, are concentrating with a view of supporting W. W. Harris for chairman of the convention. Harris, by the way, has not been prominently identified in the local politics, especially since the last convention, and on that account it is believed that he will be defeated by Cox for the position of chairman of the convention.

The fifth district leaders believe that the honor of selecting a chairman for the county convention this time, should be accorded to them. And they have selected Cox as their choice for that position.

To prevent Sheriff Jarrett from getting the nomination for the sheriffalty, if possible, and to walk out of the convention hall in the event of their failure, are the plans of the leaders and followers of the anti-Jarrett forces, for the Democratic county convention which meets on Friday, the 20th, in the A. P. Hall.

The leaders of the anti-Jarrett forces, claim that with a large force of royalists supporting them, they can control the floor of the convention. But Jarrett and his lieutenants who are laying low, are prepared to meet the enemy it is said.

One of the leaders of the anti-Jarrett forces said yesterday that they can defeat Jarrett at the coming election.

"To begin with," said he, "we will try to defeat Jarrett's nomination, when his name is sprung upon the floor. We feel that with a large force on hand, we can control the situation well. But if we are defeated, we will walk out of the convention hall and leave the rest of the delegates to do the work."

"The next thing we will attempt to do," continued he, "is to kill Jarrett, politically, in the general election."

The anti-Jarrett leaders claim that they have a large number of the laborites to support them during the campaign. And with their support, they think, they can accomplish their purpose.

The ex-police men, discharged by Jarrett, are among the leaders in the anti-Jarrett forces. Last Monday night, they held a secret conference in the office of the Hui Owi in the Kapoli Building, and decided to enter the political battle with the view of beating Jarrett at the coming election.

Among those present at that conference were Edward Hanafi, former receiving clerk under Jarrett, Hose Peter, ex-police man, Ben N. Kahalepuna, ex-police sergeant and several others. Kahalepuna, when asked whether he was present at the meeting answered in negative. But several of his friends who were among the participants at that meeting said that Kahalepuna was there.

It was at that meeting that the leaders of the anti-Jarrett forces were selected to face the music in the county convention.

Included among the anti-Jarretts are leaders and members of the International Longshoremen's Association.

Sam Dwight, president of the Hui Owi, it is said, is strongly opposed to the discussion of anything political in the offices of the Hui Owi. It is reported that he will advise the Hui

Oiwites, who are connected with any of the local political parties, not to use the offices of the Hui in the future as political headquarters.

FISHER PLANS TO SPEND 2 WEEKS ON OTHER ISLANDS

Leaving Honolulu next Tuesday, Secretary of the Interior Fisher will make a tour of nearly two weeks' duration to the other islands, traveling through Maui, Hawaii and Kauai. In his party will be his private secretary, Herbert A. Meyer, Governor Frear, Territorial Secretary E. A. Mott-Smith, Delegate Kulo, Attorney C. W. Ashford and members of the press.

The first trip will begin Tuesday afternoon, when the party departs on the Kinau for Kauai, where a tour of that island will be made, continuing until Thursday night. Arriving here again Friday morning, they will depart Friday noon on the Kilauea for Hawaii, disembarking at Kailua the following morning and journeying by automobile to Waiohinu, where a meeting will be held and further testimony taken. Passing through Pahala and stopping at the Volcano, the party will finally arrive at Hilo at noon Monday, September 23, where meetings will again be held.

The Secretary and his party will then journey over the Hilo railroad extension to Hamakua, boarding an inter-island steamer and arriving at Maui the following Thursday evening, September 26. The party will spend about two days on that island, returning to Honolulu September 29. These plans at present are tentative and may undergo changes later.

TRIPP AFTER CITY JENUS

Alex. Lothian, a veteran hackman of this city, figured in a police court prosecution this morning, it being alleged by Special Officer Tripp that Lothian refused to obey the orders given him regarding the placing of his vehicle pending the departure of the Matson Navigation liner Wilhelmina for the coast yesterday morning.

It was a merry exchange of repartee between Prosecuting Attorney Brown and John Thompson, a local jehu, that greatly enlivened the ses-

sion of Judge Monsarrat's court.

After Thompson had given what Brown termed "expert testimony" to the extent that he declared that Lothian was acting in his right in refusal to obey the Tripp injunction, Judge Monsarrat announced from the bench that he had decided to give the defendant the benefit of the doubt, and Lothian was therefore discharged.

The police, however, declare that they will not cease their efforts to keep the local jehus in line-up at the city wharves. Where existing ordinances are flagrantly violated they state that more arrests will follow.

Striped materials are to be included in the fashionable materials for fall and winter.

BLANCHARD PLEASSED WITH COUNTRY DAIRIES

Food Commissioner Blanchard has been making an inspection of the dairies in the country during the last week and has found conditions existing among them to be nearly perfect. Samples of milk from the different dairies were brought to the laboratory here and examined, and while the standard of the milk was not as high as that of some of the local dairies, it was as satisfactory as could be reasonably expected from the facilities at their command.

A careful inspection of all California wines brought into the Territory is being made, but to date Blanchard

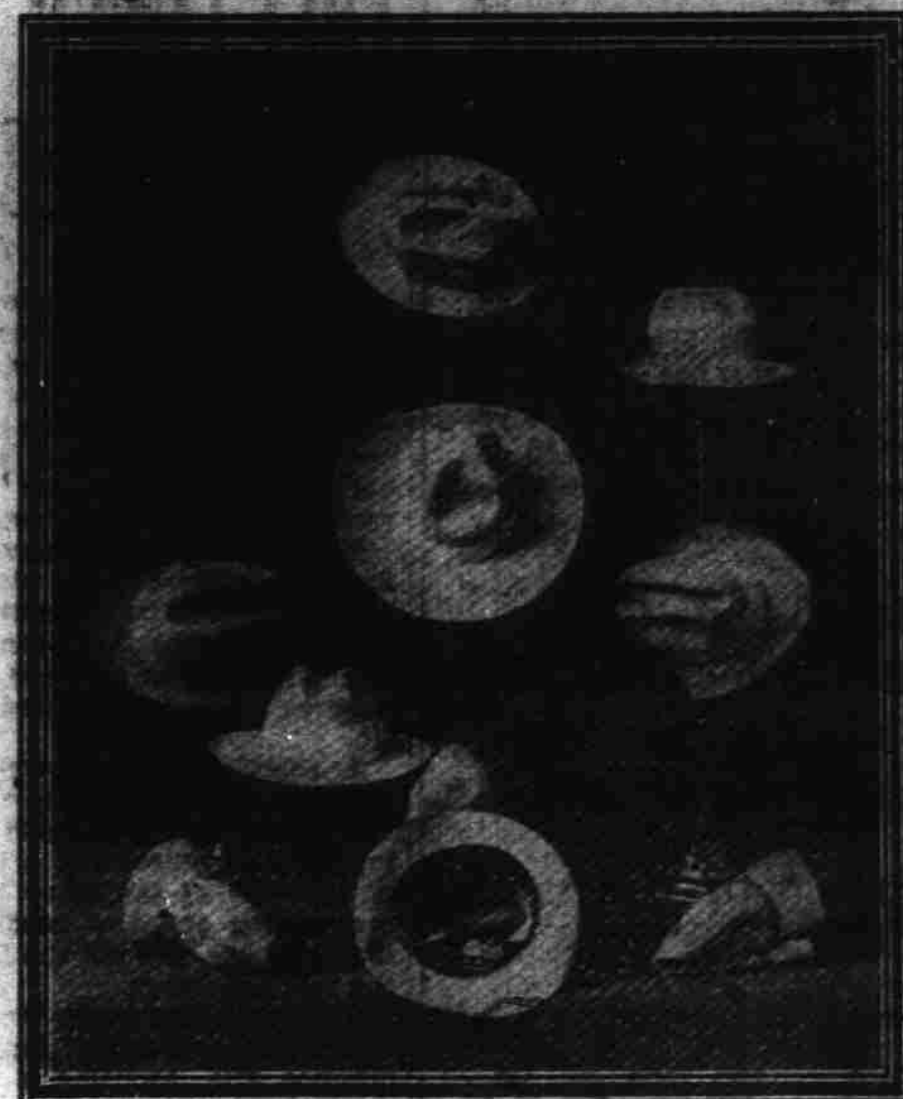

has made no report as to the result of his examination. The "dago red" probe will begin about the first of next month.

NEW YORK SUGAR MARKET IS FIRM

Alexander & Baldwin, Ltd., received the following cablegram from New York last night: "Georgian arrived yesterday, basis 4.96. John Ena arrived today, basis 4.36. American, Howell and Arbrook selling refined at 5.10. Raw market is firm."
